

SHIFT LINKAGE

for Harley Davidson Motorcycles

Iron Warriors Motorcycle Club of Idaho would like to offer the following shift linkages for purchase to all Iron Warrior Motorcycle Club members.

These shift linkages are made of high quality aluminum. They include connecting rod ends, aircraft quality end connectors and high quality bolts.

They can be ordered either black powder coated (shown) or polished aluminum, engraved with the Iron Warriors Motorcycle Club colors. (Black powder coating will not turn brown).

All parts and materials are made in U.S.A. and the shift linkages are custom precision made in Idaho.

The shift linkages shown are made to fit all touring and Heritage model Harley Davidson's 1986 to current.

*Shift linkage for the Dyna Wide Glide are longer (need to know if mid or forward shift is needed).

Shift linkage for the Sportster is shorter (need to know year of the sportster).

Cost is \$125.00 each (This includes shipping). Allow four weeks for delivery (sooner if possible).

To Order: Complete the following and send to: Don "SgtMaj" Bailey, 4930 N. Farrow St., Boise, ID. 83713. Include check or money order payable to IWMC-ID (please do not send cash). Questions??? E-mail me at dkbailey@cablone.net
